South Terrace Progress Report Brinshore Development, L.L.C. Waco Housing Authority Board Meeting November 9, 2023

Issues Addressed this Month:

- Liberty Mutual Master Agreement
- Construction Progress
- Unit Delivery Schedule

Liberty Mutual Master Agreement

On October 13, all parties executed the Transfer Agreement with Liberty Mutual, the Payment and Performance Bond Surety. They are now the General Contractor and have hired Nicholson to be their Construction Manager to finish the construction on site. Liberty Mutual has now taken over responsibility for completing the construction of the project and has settled outstanding claims and ratified subcontracts with most subcontractors. The outstanding claims were divided into two portions: 1) the bonded work, which was the work approved to be performed by J4 as part of the construction contract and the approved change orders for which Liberty Mutual is responsible for, and 2) non-bonded work, which is the insurance work that was necessary to fix the damage caused by the storm Uri, and for which Brinshore and the WHA are responsible for. We have agreed on a price to pay Liberty Mutual to settle the nonbonded work claims, as they are doing the negotiating with the subs, and will use these funds to settle all claims.

In the meantime, Liberty Mutual has affirmed J Michaels to complete the work on the sidewalks and the sewer laterals, and this work has commenced, and has ratified several other subcontracts so that all the work is being remobilized currently. Since many of the permits for the Mechanical Electrical and Plumbing subs have expired, new permits are being obtained prior to beginning work.

Construction Progress

56 units remain to be completed. Nicholson Management (Liberty Mutual's construction manager) has officially mobilized, with site concrete work, sanitary replacement work, general site clean-up, and interior mechanical work now taking place. Interior finish work is scheduled to resume the week of 11/6, followed by punch list inspections the week of 11/13. It is anticipated that 12-15 units will be turned over for occupancy by the end of November. Nicholson Management intends to substantially complete the project by March 31, 2024.

Unit Delivery Schedule

The management team has been slow but steady with processing applications. They are nearing their goal of filling all available units and focusing on pre-leasing all that remain. Project is just over 75% occupied.

- 194 units have been rehabbed to date.
- The current occupancy is 188 out of 250 units, or 75%.
- The site has 17 household applications in process. Of those, two (2) are approved and are ready for move in the first week of November into previously rehabbed units.
- Nicholson has produced a lookahead schedule showing six units ready for inspection next week and nine units ready the week after that. All but one 4br unit have an applicant processing for move in.
- A total of 18 units are scheduled to be delivered by year end.
